

# ARE DENTAL IMPLANTS RIGHT FOR YOU?

Find out at our **FREE SEMINAR** Monday, June 20th.

*Tired of dealing with dentures...partials...tooth loss?*

Dental implants are a medical advancement in tooth replacement. They are artificial tooth roots inserted into the jaw to replace missing teeth. Implants are a superior alternative to traditional bridges and dentures. In addition to health benefits, implants blend in with other teeth, providing a more "natural" look.

## How Dental Implants Can Enhance Your Life

- Are *stronger* than dentures and partials
- Can provide a long-term *solution* with a high rate of success.
- Do not rely on other teeth for *support*.
- Can provide a more "*natural*" appearance.
- Can *enhance* your food choices.
- Can *improve* your speech.
- Can *improved* your *self-esteem*.
- Will *stabilize* loose dentures or partials.
- Are *customized* to fit your personal needs.

## FREE SEMINAR Monday, June 20<sup>th</sup> 2011 at 5pm

- Learn about the benefits of dental implants
- We will be serving FREE FOOD & DRINKS during the event!

Seating is limited, so please call to reserve your place
